## A Trendy Flea Market at Victoria Park

**Every Sunday**, the Chinese YMCA of Hong Kong, in association with the Eastern District Office and the MILK magazine jointly organize the event of the "Farm". In the heart of Causeway Bay, the ordinary Victoria Park will transform into a fun Cultural Square for young adults to express their talents and creativity.

The "Farm" mainly consists of two parts, the Flea Market and the Youth Cultural Square. The "Farm" Flea Market is one of the very first and largest flea markets in Hong Kong. Bustling, busy and full of life, the market is great for treasure hunting and you can find an amazing selection of bargain from CDs to street wear.

Similar to the Porte de Vances in Paris, the Portobello Road in London and the Harajuku Yoyogi Park in Japan; the "Farm" will offer you an unique experience of local Asian culture and an array of great buys.

The Youth Cultural Square is also organized adjacent to the flea market, including band show, hip-hop dance, graffiti and skateboarding etc. The cultural activities give a chance for the youth to display and show their talents.
